Did you ever feel like their just wasn’t much difference between candidates of both major parties? To understand the nature and history of our current challenges in government please research and understand the history of the Progressive movement. Throughout its history Progressivism has been influential in both major political parties and make no mistake, it is the enemy of any Constitution loving American.

“Those who do not learn from history are doomed to repeat it”
George Santayana

“It is the duty of the Patriot to protect his country from his government.” Thomas Paine

“Politics ought to be the part-time profession of every citizen who would protect the rights and privileges of free people and who would preserve what is good and fruitful in our national heritage”
Dwight D. Eisenhower

Freedom is never more than one generation away from extinction. We didn’t pass it to our children in the bloodstream. It must be fought for, protected, and handed on for them to do the same, or one day we will spend our sunset years telling our children and our children’s children what is was once like in the United States where men were free” --Ronald Reagan
