

THE VOLUSIA 9.12 PROJECT

The 9.12 Project is a nonpartisan collection of independent citizens deeply concerned about the future of our great Republic. We believe our government is out of control and has undermined our founding principle of limited government.

Natural Law, the **Rule of Law** and our **founding documents** are the foundation of our *Civil Society*. Our government's powers are derived from "we the people" and are constitutionally limited by our founding documents, which were purposely written in plain English so all can easily comprehend their meaning.

Our Founding Fathers were not as many portray them today. They were well read, intelligent and principled men. All of them risked, and many lost their lives, liberty and prosperity by declaring independence from a tyrannical kingdom in order to form the greatest free republic in history. Coming from varied backgrounds and having diverse philosophies about government, their desire for freedom united them. We are now united, fearful to lose our freedom and resolved to defend it. In their wisdom, they warned us to guard against all of the violations of our liberties we see in government today. We can be silent and still no more. We are the majority.

"One nation, under God, demanding responsibility in our government."

Our goals are:

to **Unite** people under the banner of liberty,
 to **Educate** ourselves and others, and
 to **Act** so we can affect the outcome of our own lives and pass on a better nation, founded in liberty, to future generations.

"It does not take a majority to prevail...but rather an irate, tireless minority, who keep on setting brushfires of freedom in the minds of men." - Samuel Adams

9 Principles

1. America Is Good.
2. I believe in God and He is the Center of my Life.
3. I must always try to be a more honest person than I was yesterday.
4. The family is sacred. My spouse and I are the ultimate authority, not the government.
5. If you break the law you pay the penalty. Justice is blind and no one is above it.
6. I have a right to life, liberty and pursuit of happiness, but there is no guarantee of equal results
7. I work hard for what I have and I will share it with who I want to. Government cannot force me to be charitable.
8. It is not un-American for me to disagree with authority or to share my personal opinion.
9. The government works for me. I do not answer to them, they answer to me.
